大問3B Badminton at Shepherd Park

3通のメールを読み、後の設問に答えなさい。

From: Amy Ross
To: Adam Nixon
Date: August 15
Subject: The weekend

Hi Adam,
How was your weekend? Peter and I went to Shepherd Park on Saturday and played badminton there. Have you ever played badminton in a park? I've played badminton in the gym at school a few times, but it was my first time to play in a park. Peter brought everything that we needed. He even brought a badminton net. It was windy, so playing badminton outside was difficult, but it was a lot of fun. We're going to play there again tomorrow, and Peter's sister is going to come, too. Why don't you join us? Playing with four people will be really exciting!
Bye,
Amy

From: Adam Nixon
To: Amy Ross
Date: August 15
Subject: Sounds fun!

Hi Amy,
My weekend was good. I bought some comic books on Saturday, and on Sunday, I sat outside in my garden and read them. It was very relaxing. I want to join you tomorrow. Thanks for inviting me! I like badminton, but I've never played it in a park before. Many people were doing that when I went to Japan last summer. Most of them didn't use a net, but it looked like fun. What time should I meet you tomorrow? Also, I don't have my own badminton racket. Is that a problem?
See you,
Adam

The Steeplechase

In the 18th century, people in Britain sometimes had horse races from one town to another town. Later, people sometimes decided to stop using horses to race and to run instead. This wasn't easy because the runners had to climb over stone walls and go across small rivers. In the 19th century, this fun activity became a sport called the steeplechase.

Today, the steeplechase race is usually 3,000 meters long, and people run around a track. The runners have to jump over some barriers.* There are also some water jumps. They are like the other barriers, but there is a pool of water on the other side. The runners try to jump over the deep part of the pool. If they jump into the deep part of the pool, they slow down. Fast runners can finish the race in less than 10 minutes.

Many people think the steeplechase is exciting, but it is also very difficult. There are often many runners in each race, so they cannot always see the barriers clearly. When this happens, runners sometimes fall into the deep part of the pool and get very wet.

The men's steeplechase became an Olympic event in the 1920s. Since then, many great steeplechase runners have come from Kenya. From the 1980s to the 2010s, many runners from that country won the men's Olympic steeplechase race. At first, there was only an Olympic steeplechase race for men, but the women's steeplechase also became an Olympic event in the early 21st century.
