大問3B Food Market Planning

3通のメールを読み、後の設問に答えなさい。

From: Alain Dupont
To: Meena Jacobs
Date: May 19
Subject: Thanks!

Hi Meena,
I enjoyed studying in the library with you yesterday. I'm glad that we finished our math homework. You're going to see a soccer game with your father on Sunday, right? Are you free on Saturday morning? There's a special food market near the community center. My mom told me about it. People will sell things like bread, honey, and ice cream. We can try some for free! If we like it, we can buy some.
Your friend,
Alain

From: Meena Jacobs
To: Alain Dupont
Date: May 19
Subject: Mistake

Hey Alain,
It was hot in the library. On the way home, I bought an iced coffee! Next time, please help me with English and history. The food market sounds fun. I made a mistake about the soccer game. It's on Saturday at 11:00 a.m. It takes one hour by car to get to the stadium, so I can't go to the food market then. I checked the website, and the market is also open on Sunday. I can go after 9:30 a.m. How about you? We can ride our bicycles.
Meena

大問3B Food Market Planning

最後のメールを読み、Q23-Q25に答えなさい。

From: Alain Dupont
To: Meena Jacobs
Date: May 19
Subject: OK

Hi Meena,

I was planning to buy golf shoes with my grandpa on Sunday. But he says we can go to the store on Saturday. So, I'm free on Sunday! The market starts at 9:00 a.m. and finishes at noon. My bicycle is broken, so I'll take the bus to the bus stop by our school, then walk. See you at the big tree near the community center at 10:00 a.m. It'll be sunny, so please wear a hat. And be careful on your bicycle.

Bye,
Alain

(23) Who told Alain about the food market?

- 1 Meena's teacher.
- 2 Meena's father.
- 3 Alain's mother.
- 4 Alain's grandfather.

(24) What is Meena going to do on Saturday?

- 1 Watch a soccer game with her father.
- 2 Play golf with her grandfather.
- 3 Ride her bicycle to Alain's house.
- 4 Take a bus to the community center.

(25) What will happen at noon on Sunday?

- 1 The food market will end.
- 2 Alain will call his grandfather.
- 3 A tree will be cut down.
- 4 Alain will arrive at the community center.

大問3C 長文

本文を読み、次ページのQ26-Q30に答えなさい。

The SS Savannah

The SS Savannah was an American ship. It was built in the 1810s. It was planned as a sailing ship for people and cargo. The design had large rooms with carpets and curtains. However, a change was made to the ship's design. At that time, people were developing steam engines. So, the SS Savannah became a sailing ship that had a steam engine, too.

The ship's captain also had an idea for the SS Savannah. He wanted to take it across the Atlantic Ocean to England. This plan worried some people because England was far away. They thought such a ship could not travel so far. However, the captain found some people who wanted to join him, and he began the dangerous trip.

The SS Savannah arrived in England after about one month. For most of the trip, the SS Savannah used sail power, but it also sometimes used steam power. It was the first ship to use steam power to help it to cross the Atlantic Ocean. Many people in England went to see this ship. Before the SS Savannah went home, it went to other countries such as Sweden.

The trip was a success. However, some people still thought steam technology was dangerous. The ship's steam engine was taken out. The SS Savannah was then used as a sailing ship to take people and cargo between Georgia and New York. Sadly, in the early 1820s, the SS Savannah had an accident near New York City and broke into many pieces.
