大問3A 案内文

次のA，B，Cの内容に関して，質問に対して最も適切なもの，または文を完成させるのに最も適切なものを1，2，3，4の中から一つ選びなさい。

New Aquarium Name

We are waiting for your wonderful ideas!

We have an announcement. A new aquarium will open next year! We will finish building the aquarium by October 31, and it will open on January 15.

We need your help to choose the name for the aquarium.	Please give us your ideas by sending an e-mail before May 31. Please do not call us to tell us your ideas.
In June, the staff of the new aquarium will choose the name carefully. We will announce the name by July 1.	From the staff at Springfield City

(21) What is the staff at Springfield City asking people to do?

1 Think of the aquarium's name.
2 Choose the new staff of the aquarium.
3 Call the city hall.
4 Draw pictures of the new building.

(22) When should people send their ideas?

1 Before May 31.
2 After July 1.
3 On October 31.
4 On January 15.

大問3B Soccer Practice

3通のメールを読み、後の設問に答えなさい。

From: Jake Thompson
To: Todd Williams
Date: March 7
Subject: Soccer practice

Hello Mr. Williams,
I hope you're good. After our game last week, I was talking to my friend Tom. We both want to check about our next soccer practice. My calendar says the practice is on Friday, but Tom thinks it is on Thursday. Can you please tell us the correct day? Also, is there anything special I need to bring this time? I forgot to bring my water bottle to last week's practice and was very thirsty. That was a big mistake! Tom says we need new shoes. Is that true?
Thanks for your help,
Jake Thompson

From: Todd Williams
To: Jake Thompson
Date: March 8
Subject: Practice on Friday

Hi Jake,
Thanks for your e-mail. I was planning to have our next practice on Thursday, but I changed it to Friday. This is because another event will be held on our field on Thursday. So, please come to the field at 4:00 p.m. on Friday. The weather will be sunny, so it's important to bring a lot of water. You don't need new shoes, but please clean your shoes if they are dirty. Also, you have to wear long socks. They help to protect your legs during the practices and games. After practice, we'll talk about our next game.
See you on Friday,
Mr. Williams

大問3B Soccer Practice

最後のメールを読み、Q23-Q25に答えなさい。

From: Jake Thompson
To: Todd Williams
Date: March 9
Subject: Thank you

Hello Mr. Williams,
Thank you for telling me that the practice will be on Friday. I'm looking forward to hearing about the next game. Also, I'll bring my big water bottle and long socks, and I'll wear the blue shoes my mom got me. They're very clean. Tom has new shoes, but his shoes are red. They were a birthday present from his grandparents.
See you soon,
Jake Thompson

(23) What mistake did Jake make at last week's practice?

1 He did not wear socks.
2 He forgot to bring water.
3 He arrived late.
4 He went on the wrong day.

(24) Why will the next practice be on Friday instead of Thursday?

1 Because Mr. Williams is busy on Thursday.
2 Because the weather will be better on Friday.
3 Because the team cannot use the field on Thursday.
4 Because the team has a game on Thursday.

(25) What does Jake say about his shoes?

1 They are blue and clean.
2 They are the same color as Tom's.
3 He got them as a birthday present.
4 He bought them from Tom.

大問3C 長文

本文を読み、次ページのQ26-Q30に答えなさい。

Horace King

Horace King was born in the United States in the early 1800s. He was born in the state of South Carolina. South Carolina is in the southern part of the United States. King became very good at building bridges. He built many bridges in the states of Alabama and Georgia. King's bridges were special because he used smart building methods* that were new at the time.

King learned important skills from a man named John Godwin. Godwin was not only King's teacher but also a good friend. Together, they used a special design. They used pieces of wood and crossed them over each other. This made a design like a net, and it made the bridge strong and safe. Also, people didn't need a lot of materials* to make this kind of bridge.

King took part in many big projects during his life. One big project was a bridge over the Chattahoochee River. This river was very wide, so it was hard for people to travel from one side to the other. The bridge helped people and goods to move easily between different towns.

King was also a leader in his community, and he became a member of government in Alabama. King made many bridges, but he also helped to build other things, such as some factories. Most of the things that King built are not here today, but he will always be remembered. This is because he helped many people by working hard and having smart ideas.

大問3C 長文設問 Q26-Q30

前ページの本文を読み、最も適切なものを1つ選びなさい。

(26) Who taught Horace King important building skills?

1 His brother.
2 His friend.
3 His neighbor.
4 A traveler from another country.

(27) How did King and John Godwin make their bridges strong and safe?

1 By making them very wide.
2 By using lots of different materials.
3 By using a special design.
4 By building them very high above the rivers.

(28) Why was the bridge over the Chattahoochee River important?

1 It was the first bridge in the United States.
2 It was the tallest bridge in the world.
3 It helped people and goods to move easily.
4 It was the first bridge that King built.

(29) King helped to make
