大問3B Woking Museum Train Event

3通のメールを読み、後の設問に答えなさい。

From: Steve White
To: Ann Nakano
Date: December 2
Subject: Thanks!

Hi Ann,
It's snowing today! Eric, my brother, wants to make a snowman. Thanks for telling me about the train event at Woking Museum this weekend. It'll be great! I checked with my mom, and she says I can go with you on Saturday, but not Sunday. I'm going skiing with my dad on Sunday. Eric wants to see the trains, too. Can he come? Can you buy two tickets for us? I'll give you $10. We can meet you at the coffee shop near the museum at 2:00 p.m. OK? On Saturday evening, we're eating at a restaurant with my grandma. My mom says we have to be home by 5:30 p.m. We'll have to leave the museum at 4:30 p.m. I hope we can get on the trains!
Steve

From: Ann Nakano
To: Steve White
Date: December 3
Subject: Great!

Hi Steve,
I sometimes go skiing with my family, too. My sister is very good. But I don't like it very much. I like warm weather! I'm excited about the museum. Saturday is great! Of course, Eric can come. I didn't know he liked trains. I'm surprised! I thought he only liked soccer and computer games. I can meet you at the coffee shop. I'll go there at 1:30 p.m. and read a book until you come. At the museum, we can go inside the trains and sit in the driver's seat! I have to be home early, too, so leaving at 4:30 p.m. is fine. Please pay me $8 for the tickets. I can get a special discount!
See you soon!
Ann

Manx Cats

In the Irish Sea, there is an island called the Isle of Man. On the Isle of Man, there is an interesting type of cat called a Manx cat. No one knows when the cats first came to the Isle of Man, but they have been there for hundreds of years. Many types of cats around the world have tails, but most Manx cats do not. Manx cats also have back legs that are longer than their front legs. Manx cats are different from most other cats because they often like spending time around water.

In the past, Manx cats were kept on ships, but not as pets. There were many rats and mice on ships, and they damaged the ships or ate the sailors' food. Manx cats were used to catch the rats and mice. Many farmers also used Manx cats on their farms in the same way. Today, there are other ways to protect ships from rats and mice. However, a few farmers still keep Manx cats on their farms.

Manx cats sometimes have health problems, but they are good pets. This is because they are easy to train. They are also clever. They have strong bodies and strong back legs, so they are good at jumping and hiding in high places. Some people also say they are like dogs. This is because they enjoy being with humans and playing. For example, Manx cats sometimes run after toys and bring them back to their owner. Manx cats also sometimes follow humans, just as many dogs do.
